ALWAYS PROVIDING AN ENGINEERED SOLUTION

Our Commitment to QHSSE

- We take personal responsibility for QHSSE because we care about people, the environment and our company.
- We believe that all incidents can be prevented. The whole organization is committed to challenging goals for controlling risk and safeguarding against any harmful effects from its business activities. Management commitment is unwavering, we believe that an QHSSE culture with strong employee engagement is necessary to make our zero incident target not only attainable but also sustainable. Team involvement in goal-setting and in achieving improvements is one component of a world-class QHSSE culture. We encourage increasing team engagement in our QHSSE expectations.
